

Dr. C. Krishna Mohan
Professor

June 20, 2022

TO WHOM IT MAY CONCERN

This is to certify that Ms. Gayatri Walke of MKSSS's Cummins College of Engineering for Women, Pune has successfully completed a Project Internship at Indian Institute of Technology Hyderabad (IITH), remotely from 18th October 2021 to 3rd June 2022. She has worked on a research project titled "A Federated Reinforcement Learning Framework for Autonomous Driving." This project aimed to generate a Federated Reinforcement Learning framework for understanding lane-changing behaviors in autonomous vehicles using a TORC Simulator. During the internship period, she has been exposed to various deep learning algorithms and was found diligent, hardworking, and inquisitive. I wish her every success in her life and career.

Sincerely,

(C. Krishna Mohan)
